 **ABK**
EMOZIONI IN SUPERFICIE

A high-angle photograph of a young child with light brown hair, wearing a light blue tank top and light-colored pants, crouching on a vast, flat, sandy beach. The child is focused on writing the word 'EVOLUTION' in the sand with their fingers. The word is written in a simple, slightly irregular, hand-drawn style. The sand is a uniform light beige color, and the background is a vast, flat expanse of sand stretching to the horizon under a clear sky. The lighting is soft, suggesting late afternoon or early morning, with a long, soft shadow cast by the child to the right.

EVOLUTION

IDEE E MATERIA: UN BINOMIO DALLA RESA PERFETTA

Evolution gres porcellanato

IDEAS AND MATERIAL: THEY ADD UP TO PERFECTION

Evolution: Porcelain Tiles

NATURALI, SPAZZOLATI, BEN TAGLIATI

Evolution, superficie satinata o lappata, con bordi rettificati o naturali

NATURAL, BRUSHED, WELL CUT

Evolution: satin or honed finishes, with rectified or natural edges

IL PROGRESSO É OVUNQUE, ANCHE INTORNO A TE

Evolution, l'innovazione ideale a parete e a pavimento

PROGRESS
IS EVERYWHERE,
ALL AROUND YOU

Evolution: ideal innovation for walls and floors

QUANDO LA DIVERSITÀ LASCIA UN'IMPRONTA

Evolution, pezzi unici che danno valore all'armonia

BECAUSE DIVERSITY
MAKES
ALL THE DIFFERENCE

Evolution: unique pieces that enhance harmony

CONSIGLI DI POSA

Advice for Laying

Al fine di valorizzare le caratteristiche estetiche e qualitative di Evolution Abk fornisce alcuni consigli utili per una posa corretta del prodotto.

Dopo aver affidato l'esecuzione dei lavori a personale qualificato e prima dell'inizio della posa, controllare la qualità del materiale e la planarità della caldana su cui verranno effettuati.

Durante la stesura dei formati grandi, evitare di far coincidere i vertici di una piastrella con la metà delle altre a fianco, per ovviare alle imperfezioni di planarità riscontrabili talvolta nei prodotti ceramici.

A tale scopo si consiglia inoltre di mantenere una fuga di 2 mm tra una piastrella e l'altra.

Infine per ottenere un risultato estetico impeccabile, è consigliabile utilizzare sigillanti in tono con il colore della piastrella, oppure di una gradazione leggermente più chiara.

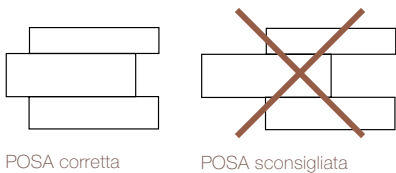

In order to enhance the aesthetic and qualitative features of Evolution, Abk supplies useful informations on how to lay the product properly.

After hiring skilled workers and before laying, please double-check the quality of both the material and the flatness of the concrete cast.

Do not lay large sizes in a brick pattern, in order to avoid any possible flatness flaw the ceramic products sometimes might involve.

To this end a 2mm joint is recommended.

However, in order to get the best aesthetic results, please use sealants matching as much as possible the hues of the tiles.

SIGILLANTI COORDINATI PER FUGHE

Coordinated grout sealants

ABK In collaborazione con Hard Koll presenta una gamma di sigillanti speciali in polvere per fughe, coordinati ai colori EVOLUTION.

ABK, in co-operation with Hard Koll, introduces a new line of special grout powder adhesives, matching perfectly the colors of the EVOLUTION collection.

KROMOS

Sigillante professionale ad elevata resistenza, a base di leganti idraulici, quarzo, additivi specifici.

Permette di sigillare pavimenti e rivestimenti, per giunti da 0 a 8 mm.

Le caratteristiche di impermeabilità all'acqua battente e idrorepellenza, garantiscono un'elevata resistenza alle aggressioni chimiche, abrasioni ed efflorescenze. Favorisce inoltre un'elevata capacità di resistenza allo sporco.

È calpestabile dopo 3 ore.

NATURE OF THE PRODUCT

Professional and highly resistant sealant mainly consisting of hydraulic binders, quartz and specific additives.

MAIN FEATURES

Rainproof, Water-repellent, Resistant to chemical aggressions, Highly resistant to filth, Resistant to abrasions and efflorescences

FIELDS OF USE

Wall and floor sealant for 0-8 mm gaps.

RECOMMENDATIONS

It is able to withstand light foot traffic 3 hours after installation.
