Collection

LUX

illuminazione

Innovazione e tradizione rappresentano il filo conduttore di queste nuove collezioni che, combinando design classico e linee moderne, si avvalgono anche dell'utilizzo di materiali innovativi ma di gran pregio.

I pendagli "Schöler crystal", la fusione, i componenti in vetro ottico crystal, l'organza e i ricami dei paralumi sono solo alcuni dei dettagli di grande prestigio che mirano a dare a queste collezioni il giusto mix di classe, eleganza, fascino e concretezza in grado di attrarre una clientela col gusto del bello e attenta ai particolari.

Innovation with tradition represent these new collections underlying theme. By combining classical and modern design, they make use of both innovative and high-quality materials. "Schöler crystal" original drops, casting, optical crystal components, organza and fabric lampshades are only some of the precious details aiming to give these collections the perfect mix of class, style, glamour and concrete form able to customers requiring beauty and details.
