Atmosfere e colori metropolitani per uno spazio ceramico attuale, espressione di una nuova forza decorativa dinamica al passo coi tempi. Superfici leggermente graffiate ci riportano ai materiali autentici delle attuali architetture con l'aggiunta di un ricordo romantico di chiara valenza storica: una forma esagonale.

Metropolitan atmospheres and colors, for a contemporary tiled space, reveal a new and dynamic, up to date decoration. Slightly scratched surfaces lead us to the real materials of the contemporary architecture with a proper romantic past. The hexagon.

## grey soul

Una superficie mossa da un impercettibile bassorilievo trasmette dinamicità ad un prodotto ricco di formati e colori. Si tratta di una linea dall'impatto sorprendentemente hi-tech e contemporaneo, arricchita da una proposta spessorata utilizzabile sia per pavimenti interni ad alto carico che per pavimenti esterni posati su massetto oppure a secco, su ghiaia, terra e sabbia.

A light structured surface gives vitality to a full of colors and sizes collection. A high tech and up to date feeling, completed by high thickness proposals , suitable for indoor and outdoor heavy duty floors, with ordinary fixing methods or dry laying on gravel, sand, grass.

- La diversità di grafica e la naturale stonizzazione delle piastrelle costituiscono la caratteristica propria di questa serie. Si consiglia di miscelare le varie scatole durante la posa e di scegliere le piastrelle da diversi colli per evitare il ripetersi della stessa grafica accostata.
- The different graphics and the natural shading of each tile are intentional characteristics of this range. When laying tiles, we recommend mixing the various boxes and choosing tiles from different boxes, in order to avoid placing tiles with identical graphics adjacent to each other.
- La diversité graphique et la variété de tonalités naturelle des carreaux caractérisent cette série. Il est recommandé de mélanger les carreaux de différentes boîtes au cours de la pose et de les choisir dans différents colis pour éviter que les mêmes dessins ne se trouvent côte à côte.

## bryce

Una cromia superficiale irregolare, intensa e d'effetto esalta un prodotto di carattere, impreziosito da un'alternanza cromatica decisa ed esclusiva.

La storica naturalezza della pietra trova vigore nelle sfumature e nelle naturali variazioni di colore che determinano giochi di luce irregolari.

An irregular surface decoration, rich and snappy, enhances a distinguished product, with precious, exclusive and deep chromatic variations.

The natural beauty of the stone gets improved by natural and irregular shade variations.

Ovvero l'esaltazione del marmo che storicamente avvolge lo spazio attraverso sensazioni visive e tattili sorprendenti. Tenui, leggere, raffinate venature creano eleganti movimenti cromatici superficiali che si fondono con l'intima classicità del prodotto per un risultato estetico straordinario.

The magnification of the marble, that involves all senses. The melting of soft, fine and slight veins leads to an extraordinary elegant and classic effect.

- La diversità di grafica e la naturale stonizzazione delle piastrelle costituiscono la caratteristica propria di questa serie. Si consiglia di miscelare le varie scatole durante la posa e di scegliere le piastrelle da diversi colli per evitare il ripetersi della stessa grafica accostata.
- The different graphics and the natural shading of each tile are intentional characteristics of this range. When laying tiles, we recommend mixing the various boxes and choosing tiles from different boxes, in order to avoid placing tiles with identical graphics adjacent to each other.
- La diversité graphique et la variété de tonalités naturelle des carreaux caractérisent cette série. Il est recommandé de mélanger les carreaux de différentes boîtes au cours de la pose et de les choisir dans différents colis pour éviter que les mêmes dessins ne se trouvent côte à côte.
- Die unterschiedlichen Maserungen und der natürlichen Farbspiel sind gewollten Eigenschaften dieser Serie. Bei der Verlegung es wird empfohlen Fliesen aus verschiedenen Kartons zu mischen.

**Variatione di stonalizzazione.** La parola "stonalizzazione" è una denominazione con la quale si intende un passaggio di gradazioni cromatiche visibili e non armonizzabili. Indica la differenza di tono delle singole piastrelle come non omogenee tra di loro. In particolare sono state stabilite delle classi entro le quali sono classificate le diverse collezioni di piastrelle in gres porcellanato:

**Tonal variations.** By "tonal variations", we mean a series of chromatic gradations that are visible and not blendable. **Variation du dénuancé.** Le mot "dénuancé" désigne un passage de dégradés de couleurs visibles non associables. Il indique la différence de tons pour tous les carreaux non homogènes. Nous avons notamment établi des catégories où sont classifiées les différentes collections de grès cérame porcelainé:
